Dear Linda and Paul,

I was reading your letter and wondering what middle aged cranky Beatle fan wrote it. I resisted looking at the last page to find out - I kept thinking who is it - Queenie? Stuart's mother? - Clive Epstein's wife? - Alan Williams? - What the hell - it's Linda!

You really think the press are beneath me/you? Do you think that? Who do you think we/you are? The "self-indulgent" ~~bit~~ <sup>friends</sup> doesn't realize who he is hurting. I hope you realize what shit you and the rest of my kind and unselfish laid on Yoko and me, since we've been together, it might have sometimes been a bit more subtle or should I say "middle class" - but not often. We both "rose above it" quite a few times + forgave you two - so it's the least you can do for us - you noble people. - Linda - if you don't care what I say - shut up! - let Paul write - or whatever.

When asked about what I thought originally concerning MBE, etc. - I told them as best as I can remember - and I do remember squirming a little - don't you, Paul? - or do you - as I suspect - still believe it all? I'll forgive Paul for encouraging the Beatles - if <sup>he</sup> forgives me for the same - for being - "honest with me and caring too much"! Fucking hell, Linda, you're not writing for Beatle book!!!

I'm not ashamed of the Beatles - (I did start it all) - but of some of the shit we took to make them so big - I thought we all felt that way in varying degrees - obviously not.

Do you really think most of today's art came about because of the Beatles? - I don't believe you're that insane -- Paul - do you believe that? When you stop believing it you might wake up! Didn't we always say we were part of the movement - not all of it? - Of course, we changed the world - but try and follow it through - GET OFF YOUR GOLD DISC AND FLY!

- continued

Don't give me that *Ante Gen* shit about "in five years I'll look back as a different person" - don't you see that's what's happening NOW! - If I only knew THEN what I know NOW - you seemed to have missed that point....

Excuse me if I use "Beatle Space" to talk about whatever I want - obviously if they keep asking Beatle questions - I'll answer them - and get as much John and Yoko Space as I can - they ask me about Paul and I answer - I know some of it gets personal - but whether you believe it or not I try and answer straight - and the bits they use are obviously the juicy bits - I don't resent your husband - I'm sorry for him. I know the Beatles are "quite nice people" - I'm one of them - they're also just as big bastards as anyone else - so get off your high horse!

*by the way - we've had more intelligent interest in our new activities than in one year than we had throughout the Beatle era, including the...*

Finally, about not telling anyone that I left <sup>the</sup> Beatles - PAUL and Klein both spent the day persuading me it was better not to say anything - asking me not to say anything because it would 'hurt the Beatles' - and "let's just let it petre out" - remember? So get that into your petty little perversion of a mind, Mrs. McCartney - the cunts asked me to keep quiet about it. Of course, the money angle is important - to all of us - especially after all the petty shit that came from your insane family/in laws - and GOD HELP YOU OUT, PAUL - see you in two years - I reckon you'll be out then -

inspite of it all

love to you both,

from us two

P.S. about addressing your letter just to ~~us~~ me  
— STILL \$ ... !!!
